I am an extremely creative and qualified graphic designer. More than 10 years experience using Adobe Creative Suite (Profency in Photoshop, InDesign, Illustrator and Corel Draw). 5 Years creating & laying out eye-catching logos and stationery products. Good working knowledge in web design that accomplished websites for demanding clients.

I have great attention to detail and a general understanding of design within a print publishing context. I am realiable with a cooperative attitude which helps to get the team I work for, to reach our common goals in business.
